This guide will teach you how to delete anything and everything, from files and folders to photos and videos, apps and online accounts. We'll provide clear, step-by-step instructions with actual screenshots to help you get the job done.

How to Delete Files and Folders

Deleting files and folders is a simple process, but it's important to do it correctly to avoid losing important data.

1. Locate the file or folder you want to delete.

2. Right-click on the file or folder and select "Delete".
3. A confirmation dialog box will appear. Click "Yes" to delete the file or folder.

How to Delete Photos and Videos

Deleting photos and videos is a bit more complicated than deleting files and folders, but it's still a relatively simple process.

1. Open the Photos app.
2. Select the photo or video you want to delete.
3. Click the "Delete" button.
4. A confirmation dialog box will appear. Click "Delete" to delete the photo or video.

How to Delete Apps

Deleting apps is a great way to free up space on your device and improve its performance.

1. Locate the app you want to delete.
2. Press and hold on the app icon.
3. A menu will appear. Select "Delete".
4. A confirmation dialog box will appear. Click "Delete" to delete the app.

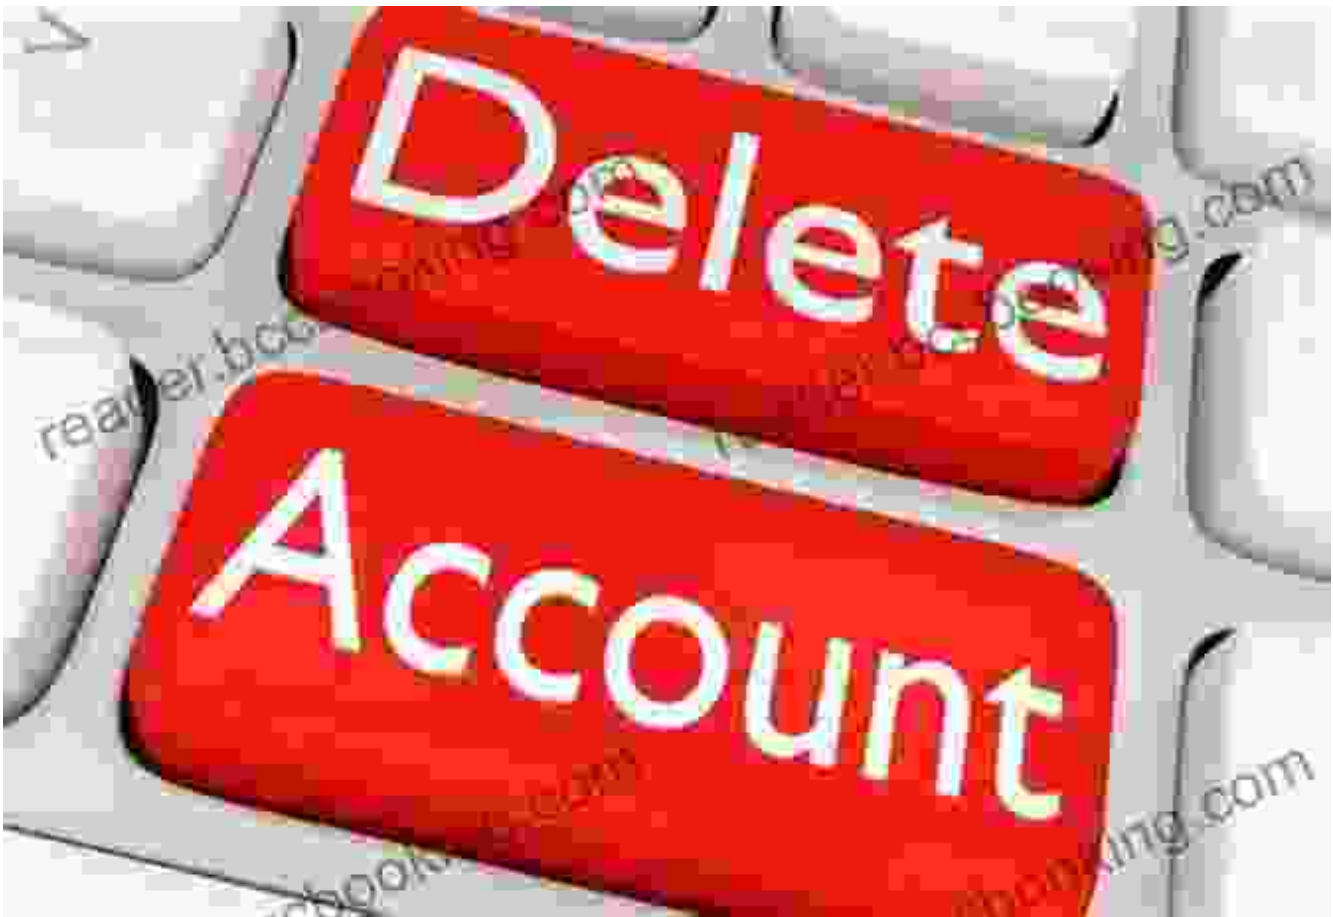

How to Delete Online Accounts

Deleting online accounts is a more involved process than deleting files or folders, but it's still important to do it correctly to protect your privacy and security.

1. Navigate to the website of the account you want to delete.

2. Log in to your account.
3. Find the account settings page.
4. Look for a link or button to delete your account.
5. Follow the instructions to delete your account.

Now that you know how to delete anything and everything, you can declutter your digital life and improve your privacy and security.
