White Fang: A Tale of the Klondike

White Fang, a half-wolf, half-dog hybrid, is born into a hostile world where survival is a constant struggle. From his early encounters with brutal hardships, he learns the harsh reality of life in the wilderness.

As White Fang's journey progresses, he encounters both the savagery of nature and the transformative power of human companionship. Through his interactions with Beauty Smith, a cruel gold prospector, and Weedon Scott,

a kind-hearted naturalist, White Fang grapples with his place between the wild and the civilized.
