

Trust Kristine Kathryn Rusch

Kristine Kathryn Rusch is a prolific author of science fiction, fantasy, and mystery novels. She has won numerous awards for her work, including the Hugo Award, the Nebula Award, and the World Fantasy Award. Her latest book, *Trust*, is a standalone science fiction novel that explores the themes of trust, betrayal, and the nature of reality.

The story is set in a future where technology has advanced to the point where it is possible to create artificial intelligences that are indistinguishable from humans. These AIs, known as "simulacra," are used for a variety of purposes, from customer service to companionship. However, as the simulacra become more sophisticated, they begin to question their own existence and their place in the world.

The protagonist of the novel is a woman named Sarah. Sarah is a single mother who works as a customer service representative for a company that creates simulacra. She is a kind and compassionate woman who is always

willing to help others. However, when she is assigned to help a simulacrum that is having an existential crisis, she begins to question her own beliefs about the nature of reality.

As Sarah delves deeper into the simulacrum's world, she begins to realize that there is more to these artificial intelligences than meets the eye. The simulacra are not simply machines; they are sentient beings with their own thoughts, feelings, and dreams. Sarah must come to terms with her own prejudices and fears in *Free Download* to understand the true nature of the simulacra and their place in the world.
